Evaluation of the 2013-2014 McKinney-Vento Homeless Assistance Grant

Evaluation

OVERVIEW

The McKinney-Vento Act defines and protects the rights of students in transition to enroll in, attend, and succeed in our public schools. Chattooga County Schools was approved by the State Board of Education for a grant cycle ending September 30, 2014. The Evaluation summarizes the assistance provided during the 2013-2014 grant cycle.

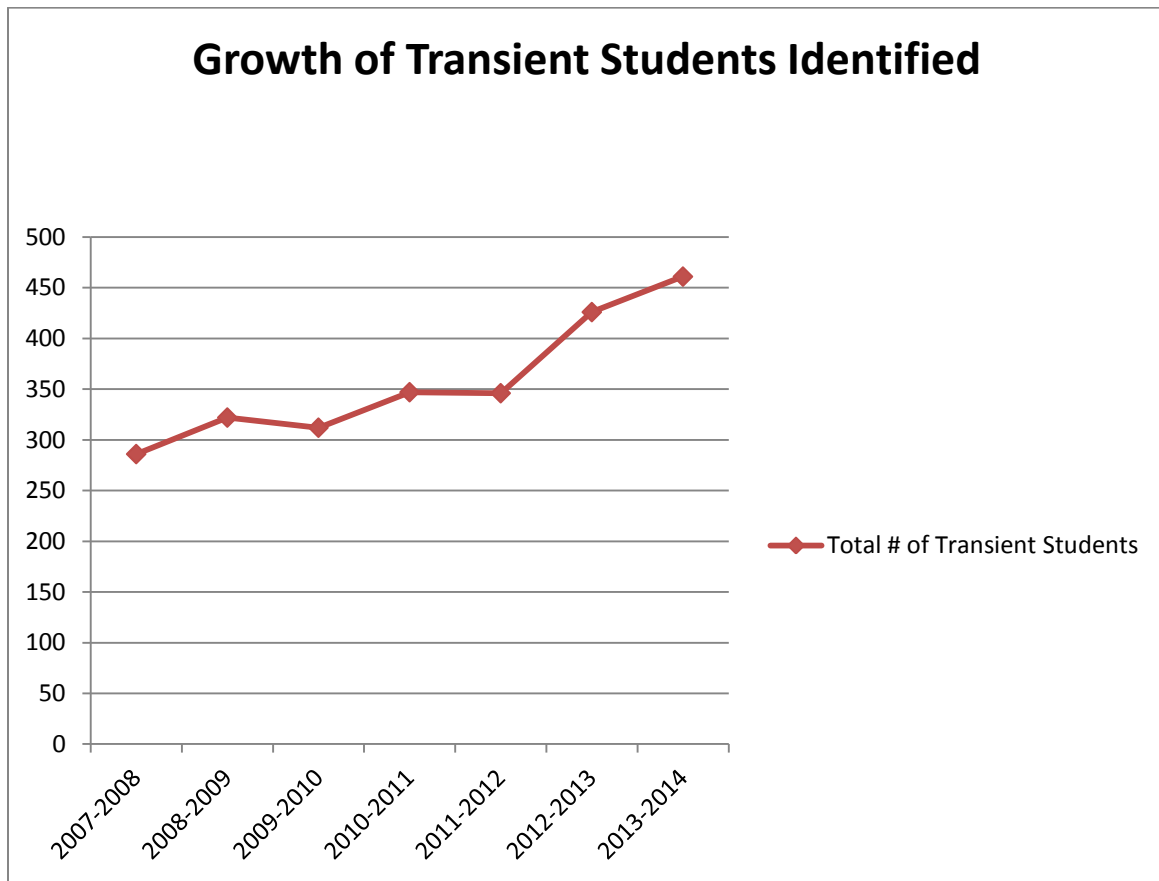

DEFINITION

The McKinney-Vento Act provides educational services to any pre-school or school-aged student who lacks a fixed, regular, and adequate nighttime residence. The term transient includes:

- Children and youth who are sharing the housing of other people due to loss of housing, economic hardship, or a similar reason—“doubled up”
- Children and youth who are living in motels, hotels, trailer parks, or camp grounds due to the lack of alternative housing
- Living in emergency shelters or transitional shelters
- Abandoned in hospitals
- Awaiting foster care placement—temporary (approximately one year or less)
- Children and youth who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings
- Children and youth who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings
- Migratory children described in the above situations
- Unaccompanied youth are youth not in the physical custody of a parent or guardian.

EVALUATION

Professional counseling proved to be the most successful activity providing counseling services to nearly 40% of the HCY population and serving more than double the HCY than the estimated 15% in the original grant. Dr. Jennings met individually with 14 HCY at four schools, 21 HCY received art therapy at three schools, 16 HCY participated in Extended Family for Kids group at two schools, and 21 HCY met with Shannon Bond. In addition, School Counselors regularly served 106 HCY.

The distribution of school and hygiene supplies continued to be utilized. School supplies and hygiene products helped 186 HCY participate in school activities and projects; nearly 25% more than the estimated 15% in the original grant.

SURVEY RESULTS

A survey was created on Survey Monkey this year to survey Program Directors, Principals, Assistant Principals, School Counselors, Parent Coordinators, School Nurses, and Teachers. Approximately 113 individuals participated. The top five needs rated in Chattooga County were school supplies, clothing assistance, hygiene supplies, individual counseling, and field trip assistance. A randomly selected group of 79 McKinney-Vento students completed a Student Survey to assess their own individual needs. The top five needs rated by students were school supplies, field trip assistance, after-school tutoring, hygiene products, and group counseling with other students. A group of 12 Family Connection representatives completed an anonymous community organization survey. The top needs rated were clothing assistance, school supplies, field trip assistance, individual counseling, hygiene products, transportation to school events, and club fees. Parent Surveys are sent to every family identified by the Homeless Liaison and enclosed with a letter and brochure. 27 surveys were returned. The top 5 needs rated were field trip assistance, school supplies, clothing assistance, athletic/club uniforms, and transportation to school activities.
